Our Learning

Through participation in the events, students will have valuable opportunities to learn beyond the classroom through real-world experiences. We hope this will be a meaningful time for them to share Korean traditions and culture while also appreciating and respecting the diversity of other cultures.

A Note from KSMC

With April showers behind us, May has already arrived. It's hard to believe we are at the end of the semester. It has been a true joy to watch our students grow throughout the semester.

We hope you have a wonderful summer break and look forward to seeing you again in September. Information regarding Fall 2026 registration will be shared via email in July. Wishing you all a happy and restful summer!

Ban : Dream Sprout Class

Ms. Sujeong Lee's Class

Inside Our Class

Students have learned most of the basic consonants and are now practicing reading and writing by combining them with vowels. It is wonderful to see them build their skills step by step and take pride in reading each letter, expanding their joy of learning along the way.

Teacher's Note

It's already May. Following last semester, students are now nearing the final stage of learning Hangeul consonants and vowels. In May, we will take time to review and reinforce what we have learned so far. After our outdoor activity on May 16, we will begin our break.

During the break, I kindly ask for your continued encouragement so that students can keep using Korean, even in small ways, at home. Thank you for your support.

Reminders

Outdoor events are scheduled for May. More details will be shared in a follow-up school email.

Also, May 16 (Saturday) is the last day of school in 2026, and we wish you a wonderful summer break.
